Parking information

Online information

The Q-Park country websites present a range of information about parking, services and products in a clear and orderly manner.

Parking information is presented per city where visitors will also find special parking deals such as day tickets or weekend options.

Customers can open Google Maps directly from the car park page to plan their journey. And, if pre-booking is available, a 'book now' button is also shown.

Besides mentioning popular destinations nearby, the information presented includes:

- | number of parking spaces, including those for people with reduced mobility (PRMs);
- | drive through height;
- | number of EV charging points;
- | parking tariffs, pre-booking and season tickets;
- | services such as AED, family parking, and toilets.
